Overview

LIOCINEMA - JOTSTAR Merger Insights

Introduction: Lio, a leading telecommunications provider in India, is planning a strategic merger with Jotstar, one of the country's most prominent streaming platforms. This potential partnership aims to combine LioCinema's expansive subscriber base and Jotstar's diverse content library to revolutionize digital streaming in India.

Content Library: Total number of contents available on LioCinema vs. Jotstar. Enables analysis of content diversity, genre popularity, and runtime patterns.

Subscriber Insights: Analyse trends in subscriber acquisition and demographic variations.

Inactivity Analysis: Patterns of inactivity across age groups, city tiers, and subscription plans.

Upgrade Patterns: Insights into subscription upgrades and their influencing factors.

Downgrade Patterns: Analysis of subscription downgrades and associated trends.

Consumption Behaviour : Patterns in total watch time, device preferences, and variations by user demographics.

Revenue Analysis: Total Revenue generated by both platforms (LioCinema and Jotstar) for the analysis period (January to November 2024).
